

## Year 9 Drama Curriculum Overview

**Rationale:** Drama is studied by all students in Years 9 which they undertake once a week. The Year 9 Drama curriculum is practical and designed to build on what they have learnt in Y7 and Y8 where they apply the Drama strategies for devising and creating performances and develop their performer and design skills. As part of the course we complete activities that help them to build their confidence and resilience, inspire creativity and develop their collaboration skills within the group to create an effective group ensemble.

For each section read your lines out loud exactly how you are going to deliver them. Do this x3 times and then cover them up and see if you can say the lines without looking. REPEAT. REPEAT. REPEAT.</li> <li>3. Listening to a script - Some performers prefer to record their own voices speaking the lines and then listen back to it. Others will record other characters' lines and leave spaces or pauses where their own lines would be, so they can practice remembering their own part. REPEAT. REPEAT. REPEAT. Now try and do it without.</li> <li>4. Actioning - This requires a performer to add movement to the speech that helps them remember the order of events, and therefore their lines.
