19 November 2021

Dear Parent/Carer,

I do hope this finds you well. Later today, our first data report of the academic year will be published for all students, which contains information on student performance to date. As soon as the report is available, you will receive an automated email from Go4Schools with a link to your child's report. Click on the link, log into Go4Schools and the report will appear on screen. Alternatively, log into Go4Schools in the normal way and click on the Reports section, please read the more detailed letter sent alongside this communication and should you require further guidance, documents are located on our website [here](#).

Warwick Rural East Community Forum have created an online voting platform to gauge public opinion on suggested priority options to monitor and improve road safety in our local area. Please cast your vote online at <https://www.sli.do>, if prompted enter the event code #539847, click on past events (under the message that says there is no such event active) - voting closes at 1pm Tuesday 30th November.

As we move into the winter months, can I please ask you to support your child, should they ride to school, in having all the correct safety equipment such as lights and a helmet.

Warwickshire County Council are also offering parents and carers advice about financial support for [household bills](#) or [food](#) over winter.

The first round of COVID-19 immunisations are now available for any children aged 12-15 that missed the first session in school. Please view the poster with information [here](#).

Lastly, I would like to signpost two fantastic events held at school last week, that highlight our CORE values here at school and remind us of the special community we live in. If you have not yet seen the news articles on our website please click [here](#) and read further about our Remembrance Day Service and 'NLS does the X Factor' for Children in Need.

Have a great weekend.

Mike Lowdell
Head Teacher
