

7 March 2025

Dear Parents and Carers,

Just a quick update, as you will be aware this week we welcomed Ofsted inspectors into our school for an ungraded inspection and I am pleased to share that it went exceptionally well— just as we expected. The inspectors were incredibly positive about all aspects of our school, reaffirming the commitment, dedication, and hard work of our staff, students, and wider community.

Our students were a real credit to us throughout the process, demonstrating the values we uphold every day. If your child was involved in any way—whether speaking to inspectors, showing visitors around, or simply continuing their learning as normal—please do pass on my thanks to them.

A huge thank you also to parents and carers who took the time to complete the survey. Your thoughtful comments and reflections provided invaluable insight for the inspection team and truly highlighted the strength of our school community. I want to publicly thank all staff who worked tirelessly as always as the visit came in the same week as Year 10 Parents Evening, World Book Day, Gold DofE, Drama exams and our Year 7's head to Whitemoor for a residential weekend today.

While we cannot share the official outcome until the report is published in approximately four weeks, I look forward to writing to you again with the full details as soon as we are able. In the meantime, thank you for your ongoing support—it is what makes our school such a fantastic place to learn and grow.

For parents / carers of students in KS4 and KS5, mock results will be available to view in G4S from 2pm. today.

Best wishes

Mike Lowdell  
Head Teacher
