SKI TRIP 2027 PLACES

While this letter is primarily aimed at the parents of students new to NLS, there have been some enquiries from existing students and so please see below about a terrific opportunity for the upcoming Easter.

As part of our annual commitment, we launched the Ski Trip 2027 in April – our tenth ski trip since it was re-introduced in 2014 and on the back of the very successful Easter trip to Austria.

While it has proved popular, there are still a few places available – on a “first come, first served basis”.

This trip (available at a cost of £1875) will be:

- To Austria in the first week of the Easter Holidays (leaving Saturday 27 March 2027)
- Full board
- Via plane

The trip is open to **all** year groups and students do not need to have skied before – indeed, most who normally go on the trip have either little or no experience.

Please go on to ParentPay to secure a place.

A number of NLS staff will accompany the students and we will have the perennial Rafa supporting us too!

The skiing is obviously the key appeal of this trip but there is so much more to commend it: other great sporting opportunities, cultural appreciation, languages practice, teamwork and relationship building.

It is a more costly trip but one which tends to offer experiences that are unique and stay with a student for a lifetime and which represents excellent value-for-money!

If you have any specific queries, please let me know: staylor@northleamington.co.uk

Yours faithfully

Steve Taylor – Visit Leader
